As a web developer with 1.5 years of experience gained through an intensive 8-month boot camp, I have honed my skills in HTML, CSS, JavaScript, and various frameworks. In addition, I have over 16 years of experience in photography and photo editing using Adobe Photoshop and Lightroom. This extensive background has allowed me to bring a unique perspective and creative approach to my web development projects. I possess a strong attention to detail and a dedication to creating visually stunning, user-friendly, and efficient web applications. With my combined expertise in web development and photography, I am well-equipped to deliver exceptional results for any project.
